

I just wanted to participate in the public comment opportunity regarding the importance of allowing a station such as L-LOVE to remain on the air in my community of Willmar, MN. While there is another choice of Christian radio in my area, I frequently turn to K-LOVE for additional enjoyment and encouragement. Living in a rural community often means that radio station choices are limited as a result of geography. When a national or regional station can provide quality service in my area I am appreciative of thier effort to provide programming.

I would be extremely disappointed if K-LOVE were taken off the air and replaced by a traditional station. If I want to listen to country or pop I have plenty of options and do not need more choices of those on my radio dial. I do not have as many options to listen to Christian radio and wish my preference to be protected.

Having K-LOVE available in the Willmar community serves the public interest here, as there are many Christians here who prefer to listen to Christian music, or at least have the option when they want to. A community is enhanced and enriched by having diverse choices available, and K-LOVE is one of the providers of "diverse" music in our area. Please do not take this station off the air or out of our playing area.

Sincerely,

Christina Vander Pol
